PROJECTS

Helio Training Collaborative Project   **11/2018**

Larry H Miller Sports Entertainment Group| Utah Stars App

Web Development Intern

> A mobile application for the Utah Stars Team that pulls data from the existing WordPress site. Conducted research on available technologies and helped set up the ui/ux of the mobile application.

Personal Portfolio Website   **12/2018**

> A website designed to showcase my abilities as an aspiring web developer, and display links to other projects that I have worked on. This project is ongoing and will be updated periodically.

Helio Training Final Project   **12/2018**

Helio Training| Final Project

Web Development Student

> A site designed to demonstrate my understanding of a full stack web application. This site has both a front and back end that I developed using skills gained through the Helio Training course.
